Participation in INGL 2020 - visibility to the Action

- **Sponsorship**
 - It is not an eligible expenditure the sponsorship at external conferences/events (cf. 10.5 of COST Vademecum)
- **Other type of participation**
 - Organise a session/workshop within the conference (as part of its scientific programme)
 - The Action would be the organiser of such session and Action participants invited to join and contribute.
 - Give a talk about the Action
 - This can be added to the work and budget plan as “Dissemination meeting” (1 participant, typically the Action Chair, **Vice Chair** or **WG Leader**)
Decide who will be the presenter representing Multi3Generation - Albert volunteered
- **Possible, but too late now**
 - Promote the Action in the conference in connection to ITC Conference Grants – awarding such grants to ITC Action participants who had an accepted paper to the conference. Their participation fee would have been covered by the Action budget. **Too late now :(**
